freelancer

## Objective

**Resume**

I'm Bruno Padovani, I help companies make profits and achieve their goals. I am graduated in Systems Analysis and Development. I have about 05 years of professional experience. In my history I have experience and capacity for the functions of Junior Analyst/Analyst Programmer, Systems Analyst, Translator, always working in a team with excellence. I was able to learn and develop strategic skills that provide me with professional growth while maintaining the capacity for innovation.

I believe in great purposes for actively participating in completed projects and I am always willing to take on new challenges with the same success.

I need fulfillment at every moment, having the commitment to overcome obstacles with confidence, making things happen.
